

32" Stander Fuel Tank Kit Filter Bracket

Subject: Oil filter clearance on small frame Standers with the 95460017 tank kit installed. Ref. Parts Bulletin 009P.

Units

Affected: Only 32" small frame Standers that have had the tank kit installed.

Situation: When the 95410017 kit is installed it can block the oil filter not allowing it to be easily removed.

The Fix: Install the oil filter adapter bracket (93410320) to reposition the filter.

P/N Affected: Bracket P/N 93410320 includes mounting hardware, 95410017 kit installed prior to 03/01/2001, all current kits contain the oil filter adapter bracket.
