## WSES/RH 36” Rear Tire

**Subject:** OEM available only for Carlisle Multi Trac 18x8.00-10 tire.

**Units  
Affected:** WSES/RH 36”

**Situation:** This tire is no longer available aftermarket and is only being supplied to Wright Manufacturing. This tire must be used on 36” models due to interference issues when a wider tire is used.

**The Fix:** Wright is reactivating part number 72410023, and will supply the dealers with this “tire only part”. The 42”, 48” and 52” can use the 18x8.50-10 tire which is available aftermarket.

**P/N’s  
Affected:** 72410023
