Larger Tires used on Velke X2's

Subject: Larger tires on X2's, 9x3.50 to 4.10x4

Units

Affected: All X2 Velke's produced after 10-1-07

Situation: Quality improvement, taller tire for better ride and clearance.
All X2's can use the larger tire assembly.

New part numbers;

72310001 – WHL, 4.10 X 3.50 – 4, TIRE ASS. W/ OFFSET

72320001 – TIRE ONLY, X2, NEW

72320002 – TUBE ONLY, X2, NEW

The previous assembly and parts will remain available for replacements or two new assemblies can be ordered to update an older X2. Wheel bearing kit and hub have not changed.

The Fix: None, product improvement

Claim

Procedure: None, informational only
